

واجب استماع في البيت : النشرة الجوية

تمرين ١٥ في الدرس ٥

إعداد: محمود البطل

In order to do this drill, you need to first listen to the weather broadcast in Drill 15 in Lesson 5 on *Al-Kitaab* web companion.

We need your help!

You are working as an intern at a TV station in an Arab country and your supervisor told you that she was not happy with the way the weather broadcast is presented in the video clip you've just listened to. She wants to switch to a map view instead and she wants you to prepare a draft of this new view for their graphic design team. She provided you with the attached map and asked you to listen to the broadcast video in Drill 15 and do the following:

- 1) write down (on the map included below) the names of **12** of the cities mentioned in the broadcast;
- 2) indicate the **weather condition** in each of these cities; and
- 3) write down **the high and the low** for each city as based on what you heard in the weather broadcast. This means that, on the map, you will need to write something like:

القاهرة

شمس

١٧/٢٨

She also told you to note the following:

a) الدار البيضاء = كازابلانكا

- 4) She also wanted to see how good your Arabic was, so she asked you to tell her what the missing words below (from the very first sentence in the broadcast) mean:

_____ المُسَجَّلَة في _____ العربية والعالمية...

Impress her and show her how great your Arabic is!! Write the missing words and the meaning of the entire sentence at the bottom of your map.

ألف شكر واستماع سعيد !
